Arizona Department of Insurance State Based System

The Arizona Department of Insurance is converting the current licensing system to a new “SBS” State Based System. The new system will have new agent/broker license numbers. You will receive a new license number that will be used for future tax filing and reporting. Until the AZDOI has completed the conversion to the SBS system your old or “legacy” license number will still be used for transaction filings. As soon as we receive information about the conversion a new bulletin will be sent with the conversion information.

The new SBS system will allow brokers greater access to the state’s license base, statutes, bulletins and general information. We look forward to using the new updated system.

Thank you for your patience.

Brokers may not place surplus line business with unauthorized insurers which have not been qualified with the Arizona Director of Insurance and been placed on the List unless the surplus line insurer is an Alien listed on the NAIC Quarterly Listing of Alien Insurers.
